

falmecc

PRODUCT GUIDE **2019**

Finally a hood that makes no noise.

Falmec continually seeks solutions and technologies to reduce the noise produced by their products. More efficiency, better use of power, less noise and lower fuel consumption: the equation Falmec always produces positive results.

With the innovative technology NRS®, Falmec has successfully created a product that combines high performance with significant comfort in the home. Beyond the figures certifying the excellent results achieved with scientific evidence, the other important fact to stress is that the hood is incredibly quiet.

WARRANTY

GENERAL TERMS OF SALE AND GUARANTEE

Guarantee: Falmec Spa guarantees its products for a period of 12 months starting from the date of delivery, exception made for the products for which different conditions are agreed upon on order. The guarantee doesn't cover the damages caused by wrong or incorrect maintenance, by improper use of the products, by fault or malice or by force majeure. The wooden components or details of any product indicated in the price list, in particular as regards vein, cut, porosity, polishing, are not covered by the guarantee either. The products which were not assembled by Falmec Spa are not guaranteed.
