# Forever FLAWLESS

DECORATING TRENDS COME AND GO, BUT CREATING A TIMELESS INTERIOR IS THE REAL TRICK. HERE ARE THE BIG DESIGN MOVES YOU'LL NEVER REGRET.

### BLACK WINDOW FRAMES

Crisp, clean-lined black window frames look sharp against white walls but are just as stunning in moody-hued rooms.

### SURFACE-MOUNTED LIGHTS

For years, recessed lights were the go-to for overhead kitchen lighting. Today, designers are adding surface-mounted lights that add a design element to the ceiling.

**PAINTED CEILINGS**

The ceiling is an often-overlooked place to make a design statement. Whether you choose a subtle shade or go for drama, a painted ceiling instantly elevates a room.

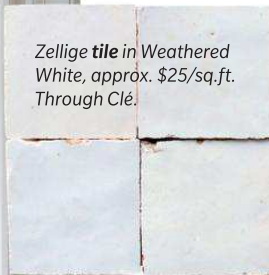

**HIDDEN VENT HOODS**

Vent hoods that “disappear” are perfect for open-plan, character-filled kitchens that feel like an extension of the living room.

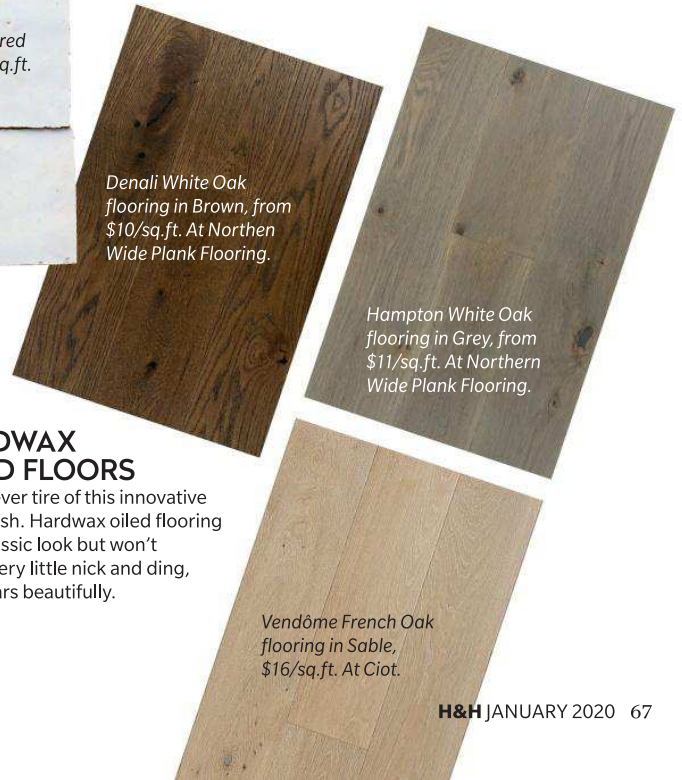

**SQUARE TILES**

Square tiles with minor imperfections have the same clean-lined appeal as the rectangular subway tile, but the dimensions and finish feel new.
