Optional Accessories

Drying Rack – Part No: D512082
Directional Exhaust Kit – Part No: 528P3
Conversion Kit = Gas to LP – Part No: 649P3
Flexible Metal Vent Kit – Part No: 521P3

BUILT TO LAST 25 YEARS

WARRANTY

The Longest Lasting Washers
With a Warranty to Match

Lifetime warranty outer drain tub and the stainless steel wash basket.

Huebsch has specialized in laundry since 1908. We know laundry. It's all we do. We plan, we test, we exceed expectations, and we never sacrifice quality for the bottom line.

Our commitment to maintaining high standards is intentional. The washers and dryers we've manufactured for over a century are proven to stand up to years of the most demanding commercial applications, and these are the same machines that are built and tested to last 25 years in your home.

COMMERCIAL GRADE MEANS BETTER MADE

Quality comes first. The reason Huebsch is the leader in commercial laundry is no mystery – stronger parts make for longer performance. While other manufacturers choose to build their washers and dryers using plastic parts, we use commercial-quality metal components throughout our machines.

Even our electronic controls are commercially designed for reliable operation and engineered to endure extreme moisture and climate, power surges, and vibration for years of trouble-free operation.

EXTREME TESTING

We put our machines through rigorous testing long before you do. Employing a unique 5-stage product development process, we push our washers and dryers to the limits of endurance and reliability.

Huebsch machines are tested to withstand more than 10,400 cycles – more than 25 years' worth of use in the average home – two to three times longer than other brands.

INDUSTRY-BEST WARRANTY

The decision to offer the best warranty in the industry is simple. Your warranty should match the quality, durability, and reliability of your product and ours is the best. Our machines are built better to last longer and we back it all up with our industry-best 5 and 7 year parts and in-home labor warranties.

LIMITED WARRANTY

WHAT THIS LIMITED WARRANTY COVERS AND FOR HOW LONG

Alliance Laundry Systems, Ripon WI 54971, extends this limited warranty to the first single family household consumer, or by warranty transfer to a new owner, of an Alliance Laundry Systems home topload washer, frontload washer, dryer or stacked washer and dryer. Alliance Laundry Systems will repair or replace, free of charge, any part which fails as a result of a defect in material or workmanship for the time period shown after the date of original installation. Alliance Laundry Systems will also pay the labor charges when service is provided by an Alliance Laundry Systems Authorized Service Company.
