ABOUT

RTA (ready-to-assemble) Outdoor Living was born out of a desire to serve homeowners. They achieve this through our outdoor living features which promote gathering and human connection. At the heart of the RTA system is a simplified alternative to outdoor masonry. Through this approach, they avoid the high costs associated with building outdoor kitchens from scratch. Their easy-to-build options make the luxury of an outdoor grill island accessible to everyone. It's no wonder countless homeowners have trusted them to create their own backyard oasis since 2017.

They manufacture their outdoor products in Cambridge City, Indiana. Each outdoor kitchen is hand-made in their Indiana manufacturing plant, then delivered and installed nationwide.

BUILT TO LAST

Being able to share your new kitchen with friends and family for years to come is why all RTA kitchens are engineered with a superior material designed to withstand any climate. Delivered and installed nationwide, RTA outdoor kitchens are backed by a limited lifetime warranty.

INSTALLED IN HOURS

Building an outdoor kitchen has never been easier with RTA's ready-to-assemble construction process allowing our kitchens to be installed in hours, with no disruption to your backyard, allowing you to enjoy your new outdoor space the same day

BEST-IN-CLASS APPLIANCES

RTA's brand partnership with Coyote Outdoor Living's grills and outdoor appliances, constructed of premium-grade 304 stainless steel throughout, allows RTA to achieve the common goal of simplifying the design, selection, and building process of outdoor kitchens for you.

CONSTRUCTION METHOD

CONSTRUCTION	Engineered Concrete Composite panels, reinforced with composite rebar and aluminum alignment channels.
COUNTERTOP	Comes standard with 1.25" chiseled edge countertop made from Engineered Concrete Composite.
BUILD/INSTALL	Panels and countertops can be cart or 2-person hand carried into location. Installation includes assembly of panels, placing countertop, and inserting grill and appliances.
RETROFIT/FOOTER	Can be installed over almost any existing surface - no footing required. Patent pending alignment channel system allows for adjustments to deal with up to 2.5" pitch.
FINISH	Available in Stacked Stone, Weathered Wood, and Reclaimed Brick.
WEATHER DURABILITY	Engineered to perform in all climates. Nothing to rot, rust or erode.

LIMITED PRODUCT WARRANTY

READY-TO-ASSEMBLE OUTDOOR LIVING LIMITED WARRANTY

Lifetime Warranty on Island Base & 2 year warranty on Countertop.

RTA Outdoor Living warrants to the original purchaser at the original site of delivery with proof of purchase that when subject to normal residential use, the RTA Outdoor Living structure shall be free from defects in workmanship and materials and has a lifetime limited structural warranty and a two – year surface finish warranty, subject to limitations and disclaimers set forth below.

RTA Outdoor Living's obligation under this warranty is limited to repair or replacement, at our option, of the product during the warranty period. Warranty does not cover labor to remove or install materials and does cover the cost of shipping replacement product. The extent of any liability of RTA Outdoor Living under this warranty is limited to repair or replacement.

The warranty period is not extended by such repair or replacement. RTA Outdoor Living's manufacturing process has been designed to imitate and re – imagine real stone, wood and other aesthetic surfaces. These surfaces may contain small air holes, surface cracks, and surface anomalies as part of the surface aesthetics and these are not considered manufacturing defects.

For warranty on Coyote products, please refer to Coyote's website: coyoteoutdoor.com/warranty
