

FULGOR

MILANO

PRODUCT GUIDE **2025**

INNOVATION

DUAL FLAME CRESCENDO BURNERS : Because precision is important for powerful high and gentle low flames, our sealed burners offer five combinations of flame configurations for near infinite control. Durable brass burner rings provide exceptional heat distribution to the base of the cooking vessel at its maximum output of 20,000 BTU and is also capable of the gentlest simmer aided by its oversized burner cap.

NOVA BROILER SYSTEM : Intense heat sears meats and fish locking in juices, with a large broiling area. Ventilation in our All Gas Pro Ranges allows for closed-door broiling, which ensures constant cooking.

MAKE IT EXCLUSIVELY YOURS : Customize your Sofia Range with your chosen name. Visit the Fulgor Milano website to create your personalized name plate for the oven door. The complimentary plate will AUTOGRAPH YOUR KITCHEN be delivered to your home where your unique Sofia kitchen is exclusively yours. Visit <http://sofia.fulgor-milano.com/>
